MINTS TO WHEAT GROWERS.

Suptember is the month for seeding and in preparation, and perhaps a few hints upon the subject may not come amiss. I will begin with the time of sewing, which is a "wexerf question.

Early-sown wheat is less liable to damage from rust and smut then that which is put in the continuous forward to

this reportee. Silence being at length obtainate, but it is in denote at coming forward too this reportee. Silence being at length obtainant, and attaining to desire a growth heiere the ed, the judge with much seeming gravity, acconting to of winder, and consequently is extend to destruction by the first hard Lord Denman—"Are you now satisfied, Sir it is so far more subject to the ravoges of and for this reason early sowing should by practiced in regions which are much to use poor Juck Reave's own words, had become of the practical description of the practical Jenny Lind & Parodi brush hats.

Scarlet in more than name.) in a great huff said artists soft wood hats.

And go down he did, amidst renewed laughter, in which all joined, particularly the learned brothers, except one, who didn't see any joke in the matter.

Scarlet in more than name.) in a great huff said artists soft wood hats.

Mens' congress. Kossuth and artists' soft wood hats.

And go down he did, amidst renewed laughter, in which all joined, particularly the learned brothers, except one, who didn't see any joke in the matter. it at the rate of, say a peck to ten bushels, then THOMAS M'DANNOLD, throw on water until the brine shows itself up-

of the floor, showel it over two or three times, and leave it over ni-bit then mix it with as fluch slacked lime as will adhere to the kernel.

Too much attention cannot be paid to the draining of fallows. It is a matter of primary importance and should be done thoroughly. Mere furrowing with the plough is certainly a benefit, but it is altogether insufficient, the hoe and shovel should be faithfully used to remove. and shovel should be faithfully used to remove all obstructions, and open a free passage for the 150 PS. extra fine Wall Paper, for sale by water.

Salt sown with wheat, at the rate of a bushe or thereabouts to the acre, will yield a good profit on the outlay, both by its action as a measure, (which in some soils is much needed and nighty beneficial,) and also by killing the germs of weeds, and multitudes of bugs, insects and arva which abound in the earth. This is not

and not for regular rotation with grain, sow tim-othy seed with the wheat in the Fall; sowing in the Spring is a very precarious method, a dry NoE W STORE:

covered with huge, unbroken clods. It gives exidence of a poor farmer, and the promise of a N. J. K. West Dryden, 1851.

From the "Dollar Newspaper."

the hane that the suggestions herein contained may be to their interest. More than four hogs the Foundry. disary size should never be placed in a pen, of ordinary size should never be placed in a pen, ten feet square, for the purpose of fattening, and they should be selected from those that have been raised together, and as near as possible of of a size, for each pen, as they dislike strange bed-fellows. Every farmer has an abundance of green food at this season, and should, therefore, put them up while the weather is temperate. Potato-vines, or b-grass, and breen cornstalks, contains large quantities of nutritious juices; and green corn can be easily digested, stalks, contains large quantities of nutritious juices; and green corn can be easily digested, and appropriated to the use of the annimat; while much of it, when given in a dry car glate, is lost. It is asserted by anthority deserving of credit, that the consumation and waste of food to supply animal heat in cold weather is enormous, and that farmers who have much stock to fatten in cold climates would have money by constructing houses for the purpose, with steam pipes attached, by which the atmosphere could be kept moderately warm. Food should always be given in a state easily digestible, as it is a principal of the animal conomy that a principal of the animal commy that a principal of the stomach are kept perdigestive powers of the stomach are kept perfect; and hogs, by reason of confinement, not having this opportunity, therefore, it is essentially requisite their food should be prepared. Every farmer should plant small quantities of corn at different periods, beginning in March and ending in June. He would then have green food from Augest till October. When green food can no Pagers he had, dry corn, pers, or postages. no leagur be had, dry corn, peas, or potatoes should be cooked. Hogs should have rotten wood or charcoal often to correct accidity, and small quantities of ashes thrown into their rood occasionally, to expel worms. Grass, weeds, &c., should be supplied freely for bedding and manure, and a covering of boards or bricks placed over the pens, to protect the hogs from the heat of the sun and weather. The food the heat of the sun and weather. The food the heat of the sun and weather the week, septry. small quantities of ashes thrown into their food should be changed one or two days in the week.

sep 18y

and the occasional use of salt in small quantities. nal use of salt in small quantities been known to prove fatal. Such is the course CHEAP annually pursued successful to farmers in this section. Should you deem these few hints worthy a space in the "Dollar," I will endeavor in my next to treat somewhat upon the construction of

pens for the saving manure, &c. Beaufort County, N. C. 1851.

The Counsellor Posed.

At a trial in the Court of King's Bench, June, 1333, between certain publishing tweedledams and twedledges, as to an alleged piracy of an arrangement of The Old English Gentleman—an old English air, by the by—Tom Cooke, the composer, was subprensed as a witness by one of the puries. On his cross examination by Sir James Scarlett, afterwards Lord Abinger, for the opposite side, that learned counsel rather flippantly questioned him thus—

A RE now offering Drugs cheaper than eyer offered in Hamilton, and will sell lower than any other establishment in the city. We ask the citizens and country merchants to call and examine our drugs, and see if they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than they will not compare with any in any city, and cheaper than the city. We ask the citizens and countries the city we ask the citizens and countries that the city. We ask the citizens and countries to call and examine our drugs, and see if they will not compare with any in any city, and cheaper than the city. We ask the citizens and countries that the city. We ask the citizens and countries that the city will not compare with any in any city, and cheaper than the city. We ask the citizens and countries that the city. We ask the citizens and countries that the city will not c

Sir James-"What is a musical accent?" Cooke "Lighterms are a guinea a lesson, sir."

Sir James, (rather ruffles) - Never mind your terms bero. I ask you what is a musical second? Can you see it?"

Sir James "Can you feel it?" Cooke - A musicancan." (Great laughter.)
Bir Junes, (very angry) - "Now, pray sir, do
not beat shout the bush, but explain to his lurdship (Lord Danman was the judge that tried the dring about music, the meaning of what you Cuttery, and fancy goods in general. octy 1 sale by augty M. A. LINDSLEY.

coll modent." Conke-"Aquent in mano is a certain stress laid upon a particular note, in the same manner as you seadd by a stress upon any given word for the purpose of being better understood. Thus if I were to say—
"You are an ass," it rests on ass; but if I were

to say -"You are an ass," it rests on you, Sir

James."

CALL the attention of the country merchants to the Reiterated shouts of laughter, by the whole court, in which the Bench itself joined, followed the market, part of which will be found enumerated below: this reportee. Silence being at length obtain-
